Garbage Collection

Custodian: The Corporation of the District of Saanich, GIS Section

Publish Date: January 2014

Abstract: Garbage collection represents tabular records that include greener garbage pickup day codes and leaf collection areas for addresses within the District of Saanich. The garbage pickup day code references specific pickup dates and there are 3 leaf collection areas in the District with collection dates.

Purpose: The garbage collection file is primarily used to populate the District's greener garbage collection schedule. The public can enter their address online to determine their garbage pickup days at Garbage Collection Schedules.

Status: Complete

Update Frequency: Daily
