

Trail

Custodian: The Corporation of the District of Saanich

Publish Date: April 1, 2008

Abstract: A trail is a travel way established either through construction or use. Municipal pedestrian trails are represented by a centreline and categorized by type including trail, stairway, bridge.

Purpose: Trail centrelines provide an accurate inventory (material, length) of Saanich trails. This inventory provides opportunities for recreation, transportation and exploration of the community.

Status: Complete

Update Frequency: Monthly
